#### Education

## G H Raisoni College of Engineering and Management, Pune

B. Tech in Data Science

 ${\bf 2022-Present}$ 

CGPA: 8.1

Army Public School, S P Marg, Lucknow

Class XII, CBSE Board

2021

Percentage: 75

Army Public School, S P Marg, Lucknow

Class X, CBSE Board

2019 Percentage: 85

#### **Technical Skills**

- Programming Languages: C, C++ (basic), Java
- Web Development: HTML, CSS, MySQL, VS Code
- Data Analysis and Visualization: Python (NumPy, Pandas, Matplotlib), Tableau, MS Excel

#### Certification

- DSA with Java(2024) Apna college
- The Data Science course(2025) Udemy

## **Projects**

#### Inventory Management System — Java + HTML + CSS + SQL

2024

- Developed a robust inventory management system using Java, HTML, CSS, and SQL, enabling users to add, update, and remove products, track stock levels, and generate sales reports.
- Implemented SQL database integration to store product details, sales records, and manage user interactions.
- Planned additional features such as user authentication, product search, barcode integration, and email notifications for low stock alerts.
- Utilized OOP principles in Java for backend logic and responsive web design with HTML/CSS for frontend development.

## To-Do List Application — Python + customtkinter + JSON

2024 - 2025

- Developed a task management app using Python and customtkinter with an intuitive GUI.
- Implemented persistent task storage with JSON for data retention across sessions.
- Added task completion tracking and real-time task statistics (total, completed, pending).
- Used **OOP** and **modular design** for **scalability**, with future plans for **due dates** and **reminders**.

#### Quiz Application — Java, HTML/CSS, SQL

2025- present

- Developed a full-stack quiz application using Java for backend logic, HTML/CSS for user interface, and SQL for question and score storage.
- Implemented dynamic question display, user input handling, and real-time score calculation via a web interface.
- Created an admin panel to add, update, and manage questions using SQL queries.
- Utilized Java Servlets and JDBC for backend integration and session management.

## **Professional Traits**

- Adaptable to new challenges
- $\bullet$  problem-solving ability
- Effective communication skills
- Team collaboration and independent contributor

# Languages

- English
- Hindi
- Tamil
- Germany (basic Proficiency)
